Bolt Kit Weight: 40g +/-

Hardware Included

QTY Fastener

1 10" Trim-Lok

READ THESE INSTRUCTIONS THOROUGHLY AND ACCOUNT FOR ALL HARDWARE LISTED BEFORE BEGINNING INSTALLATION!

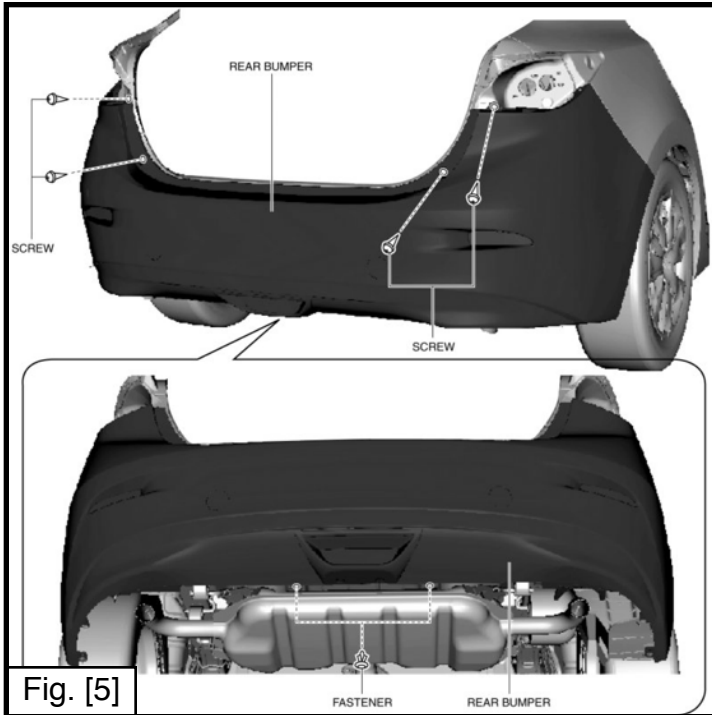

Step 1. Raise vehicle on suitable jack stands, ramps, or hoist.

Step 2. Open the rear lift gate and open the tail light assembly access panels on both the driver and passenger side. Disconnect the tail light wire harness and remove (3) nuts holding the light assemblies in place. Slide the tail light assemblies directly rearward to remove. See Figures [1], [2], [3], & [4].

Step 3. Remove the (2) screws located beneath the tail light assembly, (2) screws along the bumper edge beneath the lift gate, and (2) push-pin clips from the underside of the bumper shown in Figure [5]. Remove (2) screws from the inner wheel well shown in Figure [6]. Once all fasteners have been removed, start at the passenger side of the vehicle and begin to peel the bumper away from the vehicle.

You will feel the bumper unsnap as you work your way toward the center of the bumper. Move to the driver side and repeat the process. Once both sides are free, unsnap the bumper by pulling it rearward.

Step 4. Remove the rubber exhaust bungs from the impact bar with a lubricant such as WD-40. Remove the impact bar by removing (8) factory nuts. See Figure [8] & [9].
Do not discard these components as you will use them during installation of the EcoHitch.

Step 5. Hang the EcoHitch onto the impact bar stud bolts and replace the impact bar over the EcoHitch. Secure with the factory nuts and hand tighten. Once the EcoHitch is centered, torque the hardware to 40ft-lbs.

Step 6. Mark a 3" wide section at the center of the bumper, up to the edge of the bumper shown in Figure [10]. Trim with an air saw, dremmel, or utility knife and apply the supplied Trim-Lok. Cut the excess Trim-Lok to fit. See Figure [10].

Step 7. Reinstall the exhaust, bumper, and tail light assemblies by following these directions in reverse starting at Step 4.

Congratulations on the completed installation of the Mazda 3 Hatchback Stealth EcoHitch! It is designed with a lifetime warranty for a lifetime of enjoyment. If you have any questions or suggestions please contact our tech support at support@tlcentral.com or by phone at (253) 854-1832.

WARRANTY/DISCLAIMER INFORMATION

Torklift Central requires proof of purchase for warranty claim registration, with pictures of any defective product before issuing a replacement. Torklift will not accept claims on any product without proof of purchase, which can be faxed, scanned, emailed or mailed to the information provided below. Torklift Central warrants its hitches, custom hitch receivers and accessories (excluding electrical wire harnesses which carry a warranty from their specified manufacturer) from date of purchase against defects in material and workmanship under normal use and service for the ownership life of the original consumer purchaser. Torklift Central will replace free of charge any part that proves defective in material or workmanship when presented to Torklift Central, transportation charges prepaid by purchaser, at the address below. **This warranty is limited to defective parts replacement only. Labor charges and/or damage incurred in installation or replacement, as well as incidental and consequential damages connected therewith are excluded.** This warranty does not include normal wear and tear or the finish and paint. Rusting, cracking or peeling of the finish is also excluded. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. Any damage to Torklift Central products as a result of misuse, abuse, neglect, accident, improper installation or any use violative of instructions furnished by Torklift Central will void the warranty. This warranty gives you specific legal rights and you may also have rights, which vary from state to state. With warranty service, you may be able to go to a small claims court, a state court or a federal district court.

Although Torklift Central trailer hitches are both tested and rated for towing within the specific capacity label found on each trailer hitch. Torklift Central assumes no liability for vehicle manufacturers warranty due to the use of a Torklift Central trailer hitch being used for towing behind any vehicle or using the trailer hitch in a manner that it was not designed for. Although this specific trailer hitch has a load rating, which includes trailer tongue weight, and a trailer weight carrying capacity, Torklift Central is not responsible for the voiding of any warranty on any vehicle due to factory towing limitations. All vehicle warranties are the sole property and responsibility of the owner of the vehicle that the Torklift Central trailer hitch is installed upon. Torklift Central does not endorse towing behind any vehicle if the vehicles manufacturer states that towing is not recommended. Check your vehicle's owner's manual for the proper tow rating of your vehicle.

ADDRESS: 315 Central Ave N. Kent, WA 98032

WARNING Your vehicle may have a lower tow rating than this trailer hitch. If your vehicle's tow rating is less than the rated towing capacity on your Torklift Central trailer hitch, your trailer hitch capacity is limited to your vehicle's factory rated towing capacity.

FOR EXAMPLE: the label on your Torklift Central trailer hitch states it's capacity is rated for 500 pounds tongue weight and 5,000 pounds towing weight. However your vehicle's factory rated towing capacity is limited to only 350 pounds tongue weight and 3,500 pounds towing weight. In this example your maximum towing capacity of your Torklift Central trailer hitch is limited to 350 pounds tongue weight and 3,500 pounds towing weight as stated by your vehicle's maximum factory tow rating.

DANGER Never exceed your vehicle's manufacturer's recommended towing capacity which may be a lower rating than this trailer hitch

Unsure of your tow rating? Download our towing app from the app store to find your vehicles tow rating.
